AT MARVIN WINDOWS AND DOORS

THERE'S NO SUCH THING AS ORDINARY.

Quality craftsmanship is what separates Marvin® windows and doors from all others. You can see it in every window and door we build. In the wood species we source from sustainable sources. In our state-of-the-art hardware systems that elegantly complement the refined construction of our products. And in the way our products are ENERGY STAR® qualified. Plus, nobody offers more possibilities for customization. From size and shape to color and style, this is why Marvin windows and doors are truly *Built around you*®.

EXTERIOR CLADDING COLORS

THE VIEW FROM THE OUTSIDE SHOULD BE
AS BREATHTAKING AS THE VIEW FROM THE INSIDE.

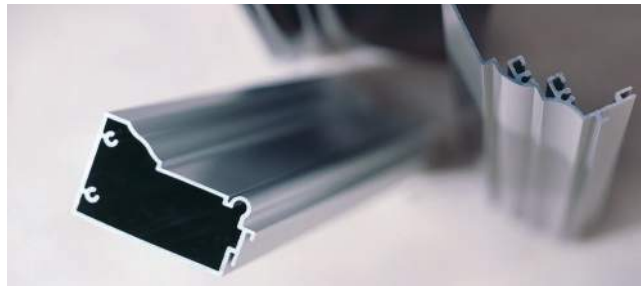

Marvin® offers 19 standard exterior cladding color options, but there's absolutely nothing standard about these finishes. Marvin's extremely durable, extruded aluminum exterior cladding meets AAMA 2605, offers superior resistance to chalking and fading and is backed by a 20-year warranty.

Depicted clad colors are for illustration purposes only. Contact your Marvin dealer for a sample in the finish of your choice.

BENEFITS OF MARVIN CLADDING

BENEFITS INCLUDE: UNMATCHED DURABILITY, LOW MAINTENANCE AND HEAD-TURNING CURB APPEAL.

*extruded
aluminum*

VS.

*rolled form
aluminum*

NOT ALL CLADDING IS CREATED EQUAL Marvin® windows and door's exterior cladding meets AAMA 2605-11 for extruded aluminum - the industry's highest standard. By comparison, the AAMA 2605-11 standard for roll-form aluminum does not measure up - requiring only a 0.9 mil finish thickness, instead of the 25% thicker, 1.2 mil coating required to meet the AAMA 2605-11 standard for extruded aluminum. The result is a far superior finish that is as strong and durable as it is beautiful.

The performance, longevity and beauty of our extruded aluminum cladding is unparalleled. To provide a more uniform look, high-quality extruded aluminum is used for all major clad components, including the frame, sash and divided lites systems. This beautiful, high-performing finish is backed by a 20-year warranty* against loss of adhesion, chalking or fading according to the AAMA specification 2605-11.

*Some colors may not qualify for the 20-year warranty. For details, contact your local dealer. For a copy of the Marvin warranty, see Marvin.com.

EXTERIOR CUSTOM COLORS

ANY COLOR YOU WANT. INCLUDING UNCLE BOB'S CAR.

**ANY COLOR
YOU WANT**

Color can capture a memory, and so much more. Marvin® Windows and Doors can turn moments, emotions, and experiences into a custom clad color just for you. With superior clad finishes that meet AAMA 2605 specifications and a 20-year warranty*, you'll have the color you love for a long, long, time.

*Some colors may not qualify for the 20 year warranty. For details, contact your local dealer. For complete warranty information, see marvin.com/warranty.

INTERIOR WOOD SPECIES

SIX CHOICES OF WOOD FROM SUSTAINABLE FORESTS
SO YOU CAN KEEP SEEING THE FORESTS.

Pine

White Oak

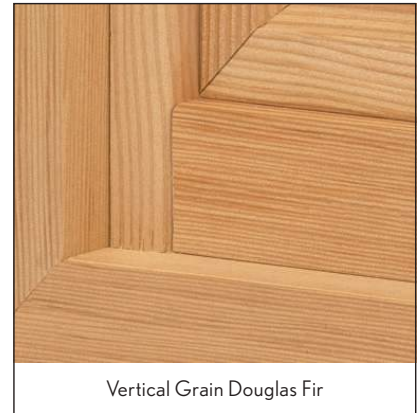

Mahogany

Cherry

Douglas Fir

Vertical Grain Douglas Fir

Marvin® makes it easy to complement any project or design with an array of high-quality, sustainably sourced wood options, including Pine, White Oak, Mahogany, Cherry, Douglas Fir and Vertical Grain Douglas Fir. Should your project require a more customized, one-of-a-kind look, our beautiful, unique species of Maple, Black Walnut and Western Red Cedar will give your space the distinction it deserves.

The appearance of wood changes, often darkening, over time. Natural wood varies in color, texture and grain. Depicted wood species are for illustration purposes only. Contact your Marvin dealer for a sample in the wood species and interior finish of your choice.

Leather on Pine

Honey on Vertical Grain Douglas Fir

Wheat on White Oak

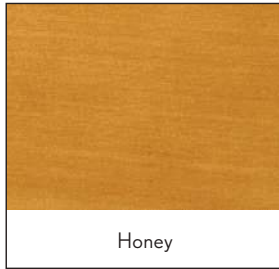

Espresso on Mahogany

INTERIOR FINISHES

SIX STAINS TO CHOOSE FROM,
SO YOU CAN BEGIN WITH THE IDEAL FINISH.

Wheat

Honey

Hazelnut

Leather

Cabernet

Espresso

Marvin® factory-applied interior finishes bring out the beautiful natural grain and texture of your wood windows and doors, and save you the time, hassle and mess of staining. Each finish is meticulously applied using a proprietary multi-step staining and conditioning process that ensures your windows and doors will look their best for years to come. With six deep, rich stains plus a clear coat, windows and doors have never looked this good.

Clear Coat

Primed White

Painted Interior Finish White

OTHER FINISH OPTIONS Marvin's wide range of finishes gives you more customization options and design flexibility. Choose from clear coat to bring out the natural beauty, grain and texture of your wood windows, painted white for a more contemporary, design-neutral look, or primed white, which will save you time and give you the freedom to paint your new Marvin windows and doors any color you wish.
